

LES SUITES AT THE CLIFF BAY

The five-star hotel, with 23 luxury suites, is the PortoBay group's most exclusive product on the island of Madeira. The experience combines comfort, luxury and history with elegant suites and a designer restaurant, the Avista. Two century-old houses and a new wing set in lush gardens with amazing views offer you a dream stay.

Les Suites at The Cliff Bay is located northeast of the iconic The Cliff Bay hotel, on Funchal's well-known Estrada Monumental, and occupies a total area of 6,000 square meters.

Sitting on top of a promontory, the hotel incorporates two old houses, both from the beginning of the last century: one holds the reception and two very exclusive suites; the other has a restaurant with different environments and a team led by Chef Benoît Sinthon. The new wing consists of 21 spacious luxury suites with large balconies. The buildings are connected by beautiful gardens with an infinity pool and unique views of the sea and the famous Funchal bay.

An idyllic and peaceful location offering access to all the facilities of the neighbouring The Cliff Bay hotel, for the true comfort and convenience characteristic of PortoBay hotels.

SPACIOUS SUITES

The new wing offers two different types of room - suites and duplex suites. Both are spacious and comfortable with a hall, bedroom and closet, living room, marble bathroom and large balconies with breathtaking views giving you the sensation of being at a viewpoint. The 15 **Suites** (60 m² + 17 m² balcony) face the Atlantic ocean, and the nine located on the ground floor have access to a cosy private garden. The 6 **Duplex Suites** (66 m² + 15 m² balconies) have living and sleeping areas on separate floors. There are two bathrooms and one very exclusive detail; a private lift inside the room.

In the old house, the **Master Suite** (85 m² + 36 m² balcony) has two bedrooms, kitchenette and an enormous balcony. The **Artistic Suite** (63 m² + 16 m² balconies), is a suite with a difference located on the top floor.

Every detail has been carefully selected to ensure added comfort. Natural and classic materials are to the fore: walnut wood for the floors, cabinets and other finishes, a Greek marble bathroom, double sinks, a large bath and shower cubicle, three mirrors and Bvlgari amenities. In the bedroom there are spacious beds (2x1 or 2x1.20 meters wide) with elegant natural leather headboards, natural neutral tone textiles and warm lighting. Balconies include comfortable furniture to enjoy the sublime view.

In terms of technology, the entire hotel has free wifi and the suites are serviced by two large, movable 49-inch Smart TVs with USB and HDMI connections.

BREATHTAKING VIEWS AND RELAXING LIVING AREAS

Its seafront location, the framing of the lush gardens, the infinity line on the horizon and a viewpoint feel promise to leave you with memories for a lifetime. The infinity pool with its very unique setting, jacuzzi and harmonious solarium give Les Suites an idyllic feel. The other leisure facilities include gardens, lounges and terraces, gym and pilates room.

AVISTA RESTAURANT

The Avista Restaurant & Lounges are based on one of the century-old houses with direct street access, which combines a contemporary wing and comfortable outdoor areas.

Inside, the neutral colours blend with some bold details, to frame the memorable landscape that is visible through the glass walls. The tile mural by artist Meinke Flesseman adds a distinctive touch to the 'pavilion'.

Here you can experience the concept of sharing; it offers an authentic journey through Mediterranean flavours. In addition to the a la carte menu, you can also enjoy a vegetarian menu, tasting menus, snacks, afternoon tea and cocktails.

At the Avista restaurant we find the concept of 'comfort food', combining the freshness of local ingredients with a relaxed Mediterranean style of cooking. Vegetables from the PortoBay garden, fish from the coast, seafood and different cuts of meat are prepared in a variety of ways, with surprising flavours and combinations that will challenge your palate.

The Avista Mediterranean menu produces seasonal cutting-edge cuisine, which changes according to the season. Local and seasonal products such as Madeira's tropical fruits and coastal fish are valued, as well as special and distinctive produce carefully selected from different parts of the world.

The Avista snack menu offers warm and cold options as you relax in the lounges. In the afternoon, you can personalize a tea of your choice with homemade scones, mini sandwiches and petit fours.

The cellar offers an original collection, with national and international wines carefully chosen by our sommelier to match the chefs' creations.

Guided by Chef Benoît Sinthon (The Cliff Bay, Il Gallo d'Oro restaurant, 2 Michelin stars), Avista's Mediterranean menu is coordinated by Chef João Luz.

AVISTA ÁSIA RESTAURANT

On the top floor is Avista Ásia, which presents an Asian menu that combines products from the island of Madeira with Asian ingredients. In the 'open kitchen', tuna, scallops, or Madeiran fruits are added to Japanese wagyu, nori, or yuzu. Seasonal produce is the highlight in a kitchen where sushi and sashimi are prepared with fish from the island. Black pork ribs with Korean sweet and sour sauce, dumplings, tempura, and steamed buns made daily are also available.

Inside, a panel by photographer Henrique Seruca represents the fresh local fish. Avista's Asian inspired menu is coordinated by Chef Rui Pinto.
